# Net Tangible Asset Backing 30 November 2023

The Directors advise that the unaudited Net Tangible Asset backing of the Company's ordinary shares at 30 November 2023 was \$5.29 per share (31 October 2023: \$4.98 per share).

The Net Tangible Asset backing calculation is based on investments at market value, is after tax on net realised gains, before any future tax benefit of net realised losses and before estimated tax on net unrealised gains/losses.

Diversified United Investment Limited is a long-term investor and does not intend disposing of its total portfolio. However, under current accounting standards the Company is required to provide for estimated tax on any net gains that would arise on such a theoretical disposal. After deducting this provision, the above figure would be \$4.42 (31 October 2023: \$4.20).

#### At 30 November 2023:

- International equities funds comprised 19.4% of the portfolio;
- Bank facilities were \$160M drawn as to \$93.5M;
- Cash and net short-term receivables were \$9.9M.

A list of the Company's top 25 investments is attached.

Authorised for release by James Pollard, Company Secretary.
