Dear Sir,

## **NET ASSET BACKING**

The Directors advise that the unaudited net tangible asset backing of the Company's ordinary shares at 30 November 2007 was \$4.31 per share (31 October 2007, \$4.42). The net asset backing calculation is based on investments at market value, is after provision for tax on net realised gains and before estimated tax on unrealised gains.

Diversified United Investment Limited is a long term investor and does not intend disposing of its total portfolio. However, under current accounting standards the Company is required to provide for estimated tax on any gains that would arise on such a theoretical disposal. After deducting this provision, the above figure would be \$3.54 (31 October 2007 \$3.60).

Yours sincerely,

A J Hancock  
Company Secretary
