Dear Sir,

NET ASSET BACKING

The Directors advise that the unaudited net tangible asset backing of the Company's ordinary shares at 29 February 2020 was \$4.90 per share after provision for the interim dividend of 7.0 cents per share payable on 16 March 2020 (31 January 2020 \$5.30 per share before provision for the interim dividend). The net asset backing calculation is based on investments at market value, is after tax on net realised gains, before any future tax benefit of net realised losses and before estimated tax on net unrealised gains/losses.

Diversified United Investment Limited is a long term investor and does not intend disposing of its total portfolio. However, under current accounting standards the Company is required to provide for estimated tax on any net gains that would arise on such a theoretical disposal. After deducting this provision, the above figure would be \$4.10 (31 January \$4.39).

At 29 February 2020:

- International equities funds comprised 16.4% of the portfolio;
- Bank facilities were \$115M drawn as to \$72.5M;
- Cash and net short term receivables were \$24M.

A list of the Company's top 25 investments is attached.

Yours sincerely,

A J Hancock
Company Secretary
